FEATURES

VEHICLE
QUICK REFERENCE

DAMAGE

Thresholds. Below Major: 1 Hull. Major: 2. Severe: 3.

Armor. Mark an Armor Slot to drop the damage one threshold.

Stress. Marked when you push the vehicle. With none left, mark a Hull instead. On the last Stress, it breaks down (d4).

Open vehicles. Attackers can target a rider instead, using the rider's Evasion. On Severe damage, each rider makes an Agility Reaction Roll (tier Difficulty) or is thrown within Close range and marks a Stress.

BREAKDOWNS (D4)

1 Drive. No move past Very Close.
2 Weapons. Can't attack.
3 Controls. Maneuvers at disadvantage.
4 Sensors. Attacks past Close at disadvantage.

CRASHING (LAST HULL)

Crash Landing. Agility Roll (tier Difficulty). Success: it stops and everyone gets out; it's out until repaired. Failure: destroyed, and everyone aboard marks a Hit Point.

Risk It All. Duality Dice. Hope higher: clear Hull equal to the Hope Die. Fear higher: destroyed, everyone marks a Hit Point. Matched: clear all Hull and Stress.

DRIVING

Speed. Moves as part of the driver's action: Slow within Close, Standard and Fast within Far, Blazing within Very Far.

Driver. Moves and makes maneuvers (Agility). "Also fires": attack instead of a maneuver.

Run Them Down. Mark a Stress: drive through a line of creatures; attack each with Agility.

Bootlegger Turn. Spin around; pursuers within Close may overshoot to Far.

REPAIRS

Field Repair. Tool Kit, Knowledge (11 / 14 / 17 / 20): clear a Stress or fix a breakdown for the scene.

Patch Up. Short rest: clear 1d4 + tier Stress and Armor, or fix a breakdown.

Overhaul. Long rest: clear all Stress and Armor, fix all breakdowns, clear 1d4 Hull.
